

Lisa Rossetti

Catering & Private Events Manager

Before Lisa Rossetti made her official foray into the event planning business, her reputation as the perfect hostess had already been established. Her parties for 60 to 70 of her friends and family were highly anticipated annual events—and the catalyst for a natural career choice. Now, with more than two decades of party creation, private event planning, and upscale dining management, there aren't many hats in "the business" that Lisa Rossetti hasn't worn.

After leaving the banking industry in the late 80's, Lisa embarked on a new journey following her two greatest passions, food and the art of entertaining. After a successful 16-year run with the Back Bay Restaurant Group in Boston, Lisa was recruited to

grow the Private Events business at the renowned Smith & Wollensky restaurant in Boston's famous "Castle Armory." She's grown the Smith & Wollensky brand significantly during her tenure and has spearheaded some of the most creative and complicated events the city has seen over the past four years. Lisa's broad client base includes the Children's Hospital, Deutsche Bank, Haymakers for Hope and the Muscular Dystrophy Association, to name a few.

Lisa oversees all aspects of the Private Events experience at both the landmark Boston "Castle" location and the exciting new waterfront property at Atlantic Wharf.

YOU'VE ARRIVED.™

Smith & Wollensky
